 1. Course Modification – course number change
 - ELT 171 → 271
 2. Program Modification (minor)
 - Electronics Technology Certificate*Motioned and seconded to approve the ELT proposals; vote taken; motion approved.*
- IV. New Business
 - a. Committee Charter edit
Motioned and seconded to approve the revised document.

Discussion: The modification moves the Curriculum/Articulation Coordinator position from a voting member to a non-voting member (per Patti Schlosberg's request). Patti explained that she feels too involved with curriculum development (e.g., working directly with faculty and others) from the initial proposal to implementation. Several members voiced concern regarding removing this role as a voting member. There was a concern that there would be one less staff voting member. The charter can be revised in the future. The edited charter will go to the College Council as an informational item.

Vote taken; motion approved with one against and one abstention.

V. Adjournment
