

Brian Moultrup Candidate for Secretary

Hello!

My name is Brian Moultrup, I am a second-year student at YC and will be graduating in spring of 2021 with an Associate of Arts. I am a member of Students of Leadership, National Society of Leadership and Success, and YC Untied. My passion is helping others find their purpose, achieve their goals, and see the joy in success.

I want to serve on the YCSGA Executive Board so I can support you, my fellow students, in your educational journey. I have a calling to support and advocate for my peers, 'returning to education' students, and for those in the next generation of young adults. Yavapai College has encouraged me to be a champion for students that are pursuing their dreams. Your voice is important, and I will do my part in making it heard.

While I have served on a variety of Board of Directors for non-profit organizations and own a small business, I believe it is my heart and passion for student care and excellence that will prove most beneficial in service on the YCSGA.

Thank you!

Brian Moultrup
