

# Brian Sims

## Candidate for President

Hello Roughriders!

My name is Brian Sims. I am 36 years old and I am happily married to my husband, Carlos, for five years now. I am an online student at YC because I travel back and forth from Phoenix to Mexico numerous times per month.

My main reason for wanting to be a part of the YCSGA is so I can hear from all of you on what changes you would like to see happen at YC. As this is going to be my last year in this great college, I want to be sure I have left the best foundation for the YCSGA behind when I move on to my next adventure.

Having run two of my own businesses and being a General Manager at numerous restaurants, I feel that I have the skill, drive, passion, and determination to be the VOICE for EVERYONE. A vote for me, is a vote to have a voice and be heard.

Your future President,

Brian Sims
