WELCOME TO COMMUNITY EDUCATION

From the Director of Prescott Community Education, EDventures, and College for Kids Programs

Nancy Ostapuk

We hope everyone in your family will find a class that feels just right, and you will join us on the Yavapai College Prescott campus this summer.

The **College for Kids** (C4K) program is back with several new classes and many favorites from last year. Check out the C4K schedule in this catalog or online at www.yc.edu/c4k. Classes fill up fast so register early!

Scholarships are available! **The JW Kieckhefer Foundation** has made a generous contribution to our scholarship fund this year, and we appreciate their continued support of the children in our community!

The C4K scholarship application is an electronic form available on our website www.yc.edu/c4k. The deadline to submit the Prescott C4K scholarship application for consideration is May 16.

Tween YOUiversity! The Prescott Valley Library has partnered with the College for Kids program this summer and is offering a wide range of classes for tweens at the Prescott Valley Library. For scholarship consideration through the Prescott Valley Library grant, please select the **PV-TWEENS** application and submit by May 16: www.yc.edu/c4k.

Take a **Community Education** class to learn a new skill and have fun while learning. With no tests or grades, it's the perfect time to explore an interest and add a new hobby or skill to your life. Our instructors live and work in our community, and we have put together a selection of educational and special interest courses. Visit the website at: www.yc.edu/commed.

EDventures is offering day trips to take advantage of Arizona's beautiful weather. Check out the EDventures trips in this catalog or online at www.yc.edu/edv. Don't miss out on the one-day rafting trip down the Colorado! Space is limited so don't wait to register!

We hope to see you on the Yavapai College Prescott campus this summer! The Community Education offices are in Building 31, Room 108. Visit us Mon-Thu, 8 a.m. – 5 p.m. Give us a call at [928] 717-7755 for assistance and to register.

Thank you!

Visit www.yc.edu/commed or call 928-717-7755 to register

ANIMALS

BASIC LIFE SUPPORT FOR PETS

SU24-101 • Wed, 6/26/24 • 5 - 8 pm
Bldg 31, Room 101 • Prescott Campus
SU24-102 • Wed, 7/24/24 • 5 - 8 pm
Bldg 31, Room 101 • Prescott Campus

This course teaches students basic life support techniques useful in recognizing and responding to cardiac and breathing emergencies in pets such as blocked airway and cardiac arrest. This class includes a power point presentation *followed by a live dog demonstration* and manikin experience.

Valerie Maldonato • \$75

ARTS & CRAFTS

DRAWING ARIZONA'S LANDSCAPES, PLANTS & BIRDS

SU24-103 • Mon, 6/3 to 7/8/24 • 5 - 7:30 pm
Bldg 31, Room 101 • Prescott Campus

This fun, non-credit class is open to beginners and all levels of graphic artists. Using wax-based or water-soluble colored pencils, or soft pastel stick and pencils, or acrylic paints, students will be introduced to the Trace and Transfer Drawing Method. All photo references will be supplied. The instructor will draw each exercise with the class, and he will work with students to develop their individual drawing style. *Suggested supply list available or bring your own art supplies to class.*

Ken Ottinger • \$125

THE HEALING PROPERTIES OF SLOW STITCHING

SU24-104 • Wed, 6/5/24 • 1 - 4 pm
Building 30A, Room 126 • Prescott Campus
SU24-105 • Tue, 7/2/24 • 1 - 4 pm
Building 30A, Room 126 • Prescott Campus

Students will learn the history and applications of slow stitching, as well as the healing properties that can occur while one is stitching with intention. Over the 3-hour workshop, you will create small squares with simple stitches, using new and recycled fabric, needle, and thread. Meditation will be folded into this work time as your hands create something beautiful, while your brain and body experience a centeredness and peace. At the end of this workshop, you will have a small wall hanging to take home. Perfection is not the goal - no experience is necessary! *A \$5 materials fee is payable to the instructor.*

Jane Jones • \$75

AUTOMOTIVE

AUTOMOTIVE MAINTENANCE FOR NON-MECHANICS

SU24-106 • Sat, 6/15 & 6/22/24 • 9 am - 1 pm
CTEC-189 • Career & Technical Education Center

This course is intended to teach those with no mechanical background when and how to perform basic maintenance tasks on their vehicles. Learn how to read your service schedule and perform oil changes, change light bulbs, change wiper blades, lubricate the chassis, etc. Students must supply any maintenance items that they choose to service in the class, paid directly to the auto parts store. *A supply list is provided for students to purchase at an estimated cost of \$100.*

KEEP CALM AND LOG ON: A SELF-DEFENSE COURSE FOR ONLINE LIFE

SU24-108 • Wed, 6/5 to 7/17/24 • 3 - 5 pm
Bldg 3, Room 203 • Prescott Campus

It seems like every day there's a new breach at a tech company. How do you keep from getting hacked? Why is that device acting weird? What's safe to do online when it seems like anybody can see everything? In this course, we'll go through exercises, resources, and up-to-date best practices for protecting everything from your financial accounts to your private conversations. We'll explore digital addiction, and how angry online conversations are surprisingly related to that phishing email in your inbox. All with a college professor and world-renowned cybersecurity expert whose motto is "technology is terrible, it's not your fault."

Optional hardcopy of text, "Keep Calm and Log On" can be purchased from instructor for \$25. Bring a fully charged device that you are comfortable using [Android, Tablet, Laptop, iPhone, iPad.] [No class on 6/19.]

Gillian Andrews • \$150

DO WE LIVE IN A SIMULATION?

SU24-109 • Mon/Wed, 6/3 & 6/5/24 • 6 - 8 pm
Bldg 3, Room 203 • Prescott Campus

The Simulation Hypothesis, that we are programmed characters residing in a complex video game-like environment, has gained significant adherents recently, including Elon Musk. The power of this wild speculation is that it combines quantum physics, consciousness theory, millennia-old religious teachings and spiritual revelations around reincarnation and near-death experiences and melds them into a theory that explains the unexplainable. But if it is true, how do we thrive in the Matrix?

GARDENING

CREATING A BACKYARD HABITAT

SU24-112 • Mon, 7/8 & 7/15/24 • 1 - 2:30 pm
Bldg 3, Room 205 • Prescott Campus

You can provide essential habitats for hundreds of species of native pollinators, birds, lizards, toads, frogs, beneficial insects, and furry critters, and still have a beautiful garden. Even the smallest space can contribute to the survival of vanishing species. Habitat is defined as a source of food, water, shelter, and nesting materials and places. There are many simple and inexpensive strategies for supporting wildlife through backyard habitats. You will build on your general understanding of gardening with native plants and assess what habitat resources will work best in your yard.

Kathleen Dickinson • \$75

GARDENING WITH NATIVE PLANTS

SU24-113 • Mon, 6/3 to 6/24/24 • 1 - 2:30 pm
Bldg 3, Room 205 • Prescott Campus

You can transform your garden into a haven for birds, bees, and butterflies, while conserving water, ending dependence on fertilizers, and reducing your gardening workload. There are hundreds of gorgeous native plants that also provide food, nesting material and shelter for many species of wildlife. *Students will assess and map their garden space, learn the basics of planting, and maintaining a native plant garden, and learn to replicate nature's gardening strategies.*

Kathleen Dickinson • \$105

GROWING A COMBO PATIO PLANTER

SU24-114 • Sat, 6/1 & 6/29/24 • 9 am - 11 am
Room 57-132 • Chino Valley Center

In this 2-part workshop, you will learn how to propagate plants in class #1, and you will plant your own starters. Come back for class #2, to learn about soil, water, transplanting, nutrients, and aftercare for the plants. *You will plant a combo planter with your starts and take home a completed patio planter.*

BISON HUNTERS: NATIVE PEOPLES OF THE HIGH PLAINS

SU24C-123 • Tue, 9/3 to 9/17/24 • 1 - 3 pm
Bldg 4, Room 114 • Prescott Campus

The high plains of North America were virtually uninhabited when the first Europeans arrived on the continent. The introduction of the horse completely changed this and led to the development of the plains Indian cultures so dominant in the history and folklore of the west. We will discuss the meteoric rise and fall of these Native American societies, including Cheyenne, Crow, Sioux, Blackfoot, Comanche, and more.

DREAM INTERPRETATION FOR PERSONAL GROWTH

SU24-125 • Mon-Thu, 7/15 to 7/18/24 •
5:30 - 7:30 pm
Bldg 31, Room 101 • Prescott Campus

When we sleep and dream, our waking consciousness is turned inward toward the Soul. Our dreams dramatize the inner dynamics of our normal waking lives, but they also bring us inspiration and intuitive understanding from our Souls. Often, our dreams give us important clues to unconscious mental-emotional conflicts that block creativity, health, self-development, or Soul evolution. This workshop is a thorough introduction to dream work. We will explore types of dreams, dream function and dynamics, dream symbols, interpretative methods, and how to remember, record and develop your relationship with your soul through dream work. *Remember to bring your dreams to class!*

Jyoti Josahentara • \$100

INTRODUCTION TO MODERN WESTERN ASTROLOGY

SU24-126 • Mon-Thu, 7/29 to 8/1/24 •
5:30 - 7:30 pm
Bldg 31, Room 101 • Prescott Campus

This is an introductory workshop on the fundamental components of modern astrology. We will focus on the elements: fire, earth, air, and water - the modes of expression - the astrological houses, signs, planets, and aspects. We will discuss and then practice reading each other's charts with each bit of learning along the way. Astrology is very complex, and a foundation is essential to gain insight into our personality and potential. This will be a modest beginning, but one that will get you started in the right direction. *Bring your birth data - date of birth, time of birth and city of birth.*

EDVENTURES TRIPS

EDVENTURES IN LEARNING – TRAVEL TO LEARN AND EXPLORE YOUR WORLD!

At EDventures, our tour leaders are eager to share their knowledge and enthusiasm for the colorful local history, fascinating cultures, and inspiring natural features when you travel with us!

DAY TRIPS

DRIVE TO BOTTOM OF GRAND CANYON

Wednesday, September 18 • SU24C-91824

Reserve by 9/4.

Follow Diamond Creek Road as it winds through Peach Springs Canyon – the only road access to the bottom of the Grand Canyon. Diamond Creek Road will take us down the canyon to the banks of the Colorado River. Along the way, we will stop to enjoy the views and learn about Hualapai history, cultures, and the geology and the natural history of the canyon. You will enjoy a picnic lunch with an optional walk the last mile to the Colorado River following a narrow canyon that crosses Diamond Creek. Includes driving on a bumpy and winding dirt road to the Colorado River. **Activity Rating: Levels 1-2.**

Instructor: Chris Wuehrmann

\$180 per person – Tuition includes transportation, Hualapai permits, box lunch and field instruction. **Departs 7:30AM from Prescott Campus. *Chino Valley pickup available.**

EXPLORE COCONINO COUNTY: BILL WILLIAMS MOUNTAIN

Friday, Sept. 6 • SU24C-9624

Reserve by 8/23.

Bill Williams Mountain, visible to the north from most of the Prescott area, is the westernmost 9,000-foot peak in Arizona. The mountain is named for a preacher/guide/mountain man from North Carolina whose story will weave through the day. We will circle the mountain on the Bill Williams Loop Road starting at Devil Dog Lake just off I-40, then drive to the summit fire tower, enjoying distant views across much of northern Arizona. We'll do some short walks, but no significant hiking, as we talk about the geology and ecology of the mountain. There's a good chance of seeing Elk and other wildlife along the way. **Activity Rating: Level 2.**

Instructor: Chris Wuehrmann

\$170 per person – Tuition includes transportation, box lunch and field instruction. **Departs 8AM from Prescott Campus. *Chino Valley pickup available.**

EDVENTURES TRIPS

EXPLORE COCONINO COUNTY: CRATER LAKE AND LAVA TUBES

Wednesday, August 28 • **SU24C-82824**

Reserve by 8/14.

Northwest of Flagstaff is a little-known crater lake, surrounded by meadow and aspen groves, hidden inside a small volcanic cinder cone just east of the Kendrick Mountain Wilderness Area. Our day afield will focus heavily on the volcanic history of the San Francisco Volcano Field surrounding Flagstaff and Williams. We will drive up the access road to the ski area on San Francisco Peaks, hike into Crater Lake for lunch, then in the afternoon visit a lava tube (with optional exploration of the tube) south of Kendrick's Peak. We will also traverse some of the old Route 66 on the way home. Total hiking distance for the day is about two miles at elevations near 8,000 feet. **Activity Rating: Level 3.**

Instructor: Chris Wuehrmann

\$175 per person – Tuition includes transportation, box lunch and field instruction. **Departs 7AM from Prescott Campus.**
**Chino Valley pickup available.*

EXPLORE COCONINO COUNTY: RED MOUNTAIN AND KEYHOLE SINK

Friday, September 13 • **SU24C-91324**

Reserve by 8/30.

Near the northern edge of the great field of volcanos that surrounds Williams and Flagstaff is an otherwise average cinder cone, about 1,000 feet tall, called Red Mountain. What makes this little mountain unique is how erosion has carved a spectacular amphitheater out of the heart of this extinct volcano, creating a magical landscape of cliffs, spires, and little slot canyons. While talking about the history and dynamics of the San Francisco Volcano Field, and the local ecosystems, we will hike into the heart of Red Mountain, enjoying our lunch inside the volcano. Inside Red Mountain there's some optional off-trail exploring. After our main hike, we'll travel back roads south to Parks, then west on Historic Route 66 to Keyhole Sink, hiking into this unusual feature with petroglyphs and a seasonal waterfall. Hiking distance is about 4.5 miles, mostly on well-maintained trail; at elevations about 7,000 feet. **Activity Rating: Level 3.**

Instructor: Chris Wuehrmann

\$175 per person – Tuition includes transportation, box lunch and field instruction. **Departs 8AM from Prescott Campus.**
**Chino Valley pickup available.*

EXPLORE COCONINO COUNTY: THE LAND BETWEEN THE CANYONS

Friday, August 16 • **SU24C-81624**

Reserve by 8/1.

North of Verde Valley is a little-visited plateau, surrounded on three sides by rugged wilderness areas. On the east is West Fork Wilderness and Oak Creek Canyon; on the west is Sycamore Canyon Wilderness; and on the south is Redrock/Secret Canyon Wilderness. We will explore this beautiful, forested landscape, culminating with utterly amazing views of the redrock country of Sedona, seen from above. Along the way we'll talk about geology, including visiting a baby sinkhole, forest ecology and the logging railroads of the early 20th century. We'll also talk about the handful of people who have lived out there, including Bear Howard, who literally made his living hunting bear, and the wild Casner Clan, who have multiple local landmarks named after them. Lots of short walks, but no serious hiking. **Activity Rating: Level 2.**

Instructor: Chris Wuehrmann

\$180 per person – Tuition includes transportation, box lunch, and field instruction. **Departs 7AM from Prescott campus.** **Chino Valley pickup available.*

EXPLORE YAVAPAI COUNTY: THE NORTHERN BRADSHAW

Wednesday, August 21 • **SU24C-82124**

Reserve by 8/7.

The Northern Bradshaw Mountains overlooking Prescott are the highest range in Yavapai County, peaking out near 8,000 feet. We'll explore south through this region on the old Senator Highway as far as the site of the town of Goodwin, then head east to Mayer and return via Highway 69. Along the way we will visit old mining and homestead sites on Wolf Creek, explore the ruins of the Senator Mine, enjoy distant views from the Mt. Union Divide, and other historic and natural features. We will also pass through the burn area of the Goodwin fire of 2017 and talk about fire management and the role of fire in the natural ecosystem. The trip will include about two miles of moderate hiking. **Activity Rating: Level 2.**

Instructor: Chris Wuehrmann

\$170 per person – Tuition includes transportation, box lunch, and field instruction. **Departs 7AM from Prescott campus.**

RAFT THE BOTTOM OF THE GRAND CANYON

Wednesday, September 11 • SU24C-91124

Reserve by 8/1.

This one-day rafting trip of the Grand Canyon is full of EDventures! Join us on a rafting excursion with the Hualapai River Runners. Your river guide will navigate the Colorado River white water [plan on getting wet!] and relate the history and culture of the Hualapai people. Lunch in the canyon, and then take an optional [short but steep] hike to beautiful Travertine Waterfall. Dinner TBD [on your own] before heading home. Experience the Canyon like never before!

Activity Rating: 2-3.

Instructor: Chris Wuehrmann

\$780 per person – Tuition includes ground transportation, raft excursion, lunch on the river, permit fees, gratuities, field guides and instruction. **Departs 5AM from Prescott campus.**

ROCK ART RANCH AND LA POSADA

Wednesday, September 4 • SU24C-9424

Reserve by 8/21.

Step back in time with a visit to Chevelon Canyon on Rock Art Ranch, home to some of the finest ancient petroglyphs in the world on a privately-owned ranch. Visit the cowboy museum and working ranch to learn about ranching history, the Hashknife Cattle Company and military and Indian activity in the area. Tour the excavated prehistoric pueblo sites and an historic Navajo camp with intact hogan. Take a short, steep hike into Chevelon Canyon to view the multiple petroglyph panels. Visit Winslow, AZ and take a photo next to the 'Standing on the Corner' sculptures. We will finish the day with dinner at the famous La Posada, the beautifully restored Fred Harvey Hotel in Winslow with dinner [on your own] in the award-winning Turquoise Room. **Activity Rating: Levels 2-3 [steep stairs].**

Instructor: Chris Wuehrmann

\$200 per person – Tuition includes transportation, box lunch, ranch tour admission, and field instruction. **Departs 7AM from Prescott campus. *Chino Valley pickup available.**

DUFF SPRINGS

Video ID #ONL1 • \$15

Alexander Duff came to Arizona Territory in 1879, as a trapper, prospector, and market hunter, married to a Shoshone Indian woman. He left the territory in 1906 as a respected hotel and mercantile owner. Duff homesteaded at a beautiful spot on the Verde River, overlooked by a centuries-old cliff dwelling, where a crystal-clear spring bears his name. Join this exploration of Duff's story and of some of the history and natural features.

JOHNSON CANYON

Video ID #ONL2 • \$20

When the Santa Fe Railroad was constructing their line across northern Arizona in the early 1880s, they overcame many physical obstacles in the rugged landscapes they traversed. One of the more difficult was the steep drop westwards off the Coconino Plateau, between Williams and Ash Fork. Our explorations will include some strange and interesting natural features, and the story of rancher and homesteader George Johnson, after whom the canyon is named.

NORTHERN BRADSHAW

Video ID #ONL3 • \$20

In 1863, during the height of the Civil War, several parties of intrepid prospectors discovered gold in the flanks of what became known as the Bradshaw Mountains. While the Walker party was most notable, the range was named for William Bradshaw, who died under mysterious circumstances in December 1864. We will explore the northern part of the range, which overlooks Prescott, visiting old mine sites, ghost communities, homesteads, and the historic Palace Station, established by the Spence family in 1875.

THE MOQUI STAGE ROAD TO GRAND CANYON

Video ID #ONL4 • \$25

In 1903, two young girls traveled to the Grand Canyon with their families. They rode from Flagstaff to the Canyon by stagecoach, stayed in the historic, long extinct Grand View Hotel and took a 3-day trip by burro into the Canyon with Captain John Hance, the Canyon's first tour operator and renowned storyteller. Chris Wuehrmann re-creates their journey to the Canyon via the route of the Moqui Stage. We will hear about their histories as miners and tour operators in the Grandview Point area, and little-known histories of other Northern Arizona pioneers and places.

PROSPECTORS, MINERS, AND THE IMPOSSIBLE RAILROAD IN THE SOUTHERN BRADSHAW MOUNTAINS

Video ID #ONL5 • \$25

In 1863, during the height of the Civil War, several parties of prospectors discovered gold in what became known as the Bradshaw Mountains. We'll explore the southern part of the range, visiting desert communities like Cleator, Bumblebee, and the mountain town of Crown King. We will talk about the original Yavapai Indian inhabitants, the challenges of passage via rail, and some history of mining in the rugged and forbidding landscape of the Southern Bradshaws.

EXPLORING DATE CREEK: NATIVE PEOPLES AND TERRITORIAL FORTS TO MODERN RANCHERS

Video ID #ONL6 • \$25

Date Creek flows from the crest of the Weaver Mountains above Yarnell west into a vast desert plain, studded with rugged mountain ridges, finally joining the Santa Maria River above Alamo Lake. Originally home to the Yavapai People, Date Creek's first Anglo visitors were led by Charles Genung in 1863, who upon seeing one of the creek's green valleys declared it to be the Garden of Eden. Near this spot the military post of Camp Date Creek operated from 1867-1874. We will explore this little-known landscape, seeing ancient rock art, viewing the ruins of Camp Date Creek, and visiting with modern ranchers.

THE LAND BETWEEN THE CANYONS

Video ID #ONL7 • \$25

Leading southwards into Verde Valley are two spectacular red rock canyons. To the east, well-known Oak Creek Canyon is followed by highway, although the west flanks are wilderness area. To the west, lightly visited Sycamore Canyon is entirely wilderness area. Between the lower ends of these canyons is more wilderness area offering utterly amazing views, exotic volcanic features, and steep and wild canyons. Enjoy exploring this wild country and rugged back roads. We'll talk about geology, natural history, forest management and logging railroads. We'll also talk about the handful of early pioneers who braved this remote wilderness; and the historic logging railroads that once traversed the area.

Is getting to your Class a challenge because of a disability?

For those who need assistance in finding appropriate parking and getting to your classroom, we offer the following information:

Disability parking is located at the second floor level behind Buildings 3 and 4 and in parking lot M. You must have a disability permit to park in these areas. You may take the elevator in Buildings 2, 3 and 4 to the first floor level.

If there are any other disability concerns or requests for accommodations, please do not hesitate to contact Disability Resources for assistance at 928-776-2079.
