

FACILITIES MANAGEMENT NEWSLETTER

January 2025

Welcome to the latest edition of the Yavapai College Facilities Maintenance Newsletter!

As we embark on a new year, we're excited to share updates on our ongoing projects and the incredible work our team has been doing to maintain our campuses district-wide.

New concrete pads are now installed at Prescott Pines for trash removal services and mail delivery. Concrete was completed by Facilities Maintenance technicians, Travis Whorton and Derek Oltersdorf.

New location for Mailboxes at Prescott Pines

New location for trash dumpster at Prescott Pines

From routine upkeep to remodels, our facilities department is committed to ensuring a safe, efficient, and welcoming environment for all students, faculty, and staff. This includes regular inspections and repairs of electrical systems, plumbing, HVAC, and the general maintenance of our buildings and grounds. Our dedicated team works diligently to promptly address any issues, providing a comfortable and secure campus experience.

During the Winter Break, one of the Department's largest projects was a complete overhaul of the back-of-house area in The Eatery. This collaborative effort between the entire facilities group and The Eatery staff ensured the project was finished before students returned to campus. The successful completion of this project is a testament to the dedication and teamwork of everyone involved.

New flooring installed at The Eatery back-of-house offices, hallways and kitchen prep area.

Installation of new FRP in custodial closet, work completed by Hap Geroge (L) Travis Whorton (R) Before and After.

Facilities Management District Office, Prescott Campus, Bldg 20
