
Review of Instructional Programs, Support Services And Administrative Functions

POLICY STATEMENT

To promote continued vitality, effectiveness and efficiency, and to aid in determining appropriate fit with planned priorities and commitments of the College, designated instructional programs, support services and administrative functions will be periodically reviewed.

Using qualitative and quantitative measures applied to design, performance, outcomes, and resource usage, review procedures will measure the degree to which defined needs and objectives are met and aid in defining future expectations of these programs, services and functions.

Procedures for review will be determined by the President after consultation with administrators, professional support, Faculty Senate and Operation Staff Association Representatives.

Administrative Procedures for implementation of Policy 2.28 are published separately from this manual in the form of a bound booklet entitled, "Yavapai College Policy 2.28 and Procedures, Instructional Programs, Support Services and Administrative Functions Review (May, 1987)."
