

Radiology Technology-AAS Program & Accreditation Overview

The Associate of Applied Science Degree in Radiology Technology is a 2-year program that prepares students for entry-level positions as radiographers. The program starts once per year, in the fall semester. Students must complete 24 credit hours of prerequisite courses, 6 credit hours of corequisite courses, and 49 credits of major core courses.

The program is designed around a model of classroom and laboratory instruction integrated with hands-on experience in a clinical setting that provides a thorough educational foundation and professional preparation to enter the workforce as an independent practitioner upon graduation.

ASRT.org

Our curriculum is designed in accordance with the most up-to-date Radiography Curriculum established by the American Society of Radiologic Technologists (ASRT).

5 year accreditation award
effective: 3/2023
